Council Tax Band: New Build

LOW BILLS * EASY MAINTENANCE * FUTURE PROOF LIVING

This EXCEPTIONAL two-bedroom, single-storey home has been THOUGHTFULLY DESIGNED to make life simpler, smarter and MORE ECONOMICAL. With solar panels and an energy-efficient build, the property enjoys impressively low running costs, offering long-term savings without compromising on comfort. Externally, the home makes an immediate statement with its high-quality, sophisticated render—a sleek, contemporary finish that never needs painting, ensuring minimal upkeep and lasting kerb appeal for years to come.

Inside, the bright and well-planned layout provides comfortable living all on one level. Outside, the sun-filled garden enjoys excellent levels of natural sunlight, making it the perfect space for relaxing, entertaining or enjoying outdoor living throughout the warmer months.

The double garage is a standout feature, complete with a self-contained utility area. Importantly, the garage has been designed with all pipes, services and key considerations already in place, offering excellent potential for conversion—whether as a third bedroom, home office, annexe or fully self-contained unit, subject to the usual permissions. This flexibility makes the property ideal for future needs, multi-generational living or added value.

A warranty provides valuable peace of mind, completing a home that truly combines low maintenance, low bills and long-term versatility.

A rare opportunity to secure a stylish, economical and adaptable home that works just as well today as it will in the years to come.
